

**Brush Collection Notice:**

Effective immediately residents will notice signs at the DPW Garage that brush/trees can only be dropped off at the DPW Garage on the 3rd Saturday from 8 AM to 11 AM. Residents have been coming to the DPW yard unannounced throughout the week/weekend to drop off their brush and due to new stormwater management guidelines from the NJ DEP the DPW cannot keep piles of brush at the DPW yard. The only way the DPW can maintain the pile is for residents to bring in their brush at the designated days/times. Township Residents can come on the 3rd Saturday of each month with their dumpster pass (will not count as a "official visit" and their license) and will be permitted unlimited access from 8 AM to 11 AM to bring their brush and trees.

The Township will continue to provide the DPW yard for tree/branch collection due to storm damage when an event occurs and those days/times will be posted on this Facebook page and our website at [www.alexandrianj.gov](http://www.alexandrianj.gov)

We apologize for this inconvenience, but this has been the practice for years and its not been followed by residents lately which has created challenges for the DPW who are trying to stay in compliance with state guidelines.

We appreciate your support and understanding!
